Egg Carton Flowers

How to make...

Egg Carton Flowers

You will need:

Cardboard egg cartons or an alternative
Paint
Glue
Scissors
Paint brush
Cardstock

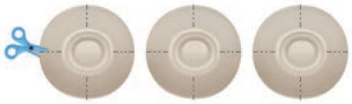

Step 1

You will need 3 egg sections to make each flower.
First cut out the cup shapes.

Step 2

Make 4 cuts to each cup, and round off the corners. This will give your the basic flower petal shape.

Keep two the same size and then cut the third one slightly smaller - this will be the centre set of petals.

Step 3

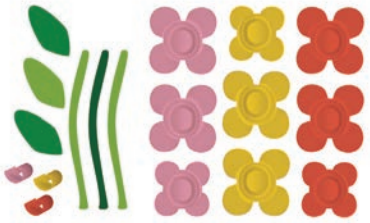

Use the top of the egg box to create leaf shapes, a short strip and a stem.

Roll the short stem into a curl.
This will be at the very centre of your flower.

Step 4

Paint all your pieces. Allow them to dry fully before assembling your flowers.

Step 5

Glue the two larger cup pieces together at angle to create a star shape of petals.

Then glue the smaller one in the middle.

Add the curl to the centre of the flower.

Step 6

Take your piece of card and position the stem and leaves - glue them in place. Position your flowers on next

You've finished!

You can add as many flowers as you like to your picture. You could also make them in to birthday cards!
